

## Mizan-Tepi Tefery University

| Item No | Description                                                            | Quantity |
|---------|------------------------------------------------------------------------|----------|
| 1       | The Experience of young women with SSKI                                | 2        |
| 2       | Quality Indicated preventable address drug events                      | 2        |
| 3       | Rational Individualize pharmacotherapy in Depression Mang              | 6        |
| 4       | Lecture Notes in Mathmatics                                            | 5        |
| 5       | Adherence to Tuberduais Tretement                                      | 3        |
| 6       | Technology Assessment In Health Care                                   | 20       |
| 7       | Enhancement of Research capacity in Nepal                              | 2        |
| 8       | Isses in antibacterial provision in primary Health care in Nepal       | 2        |
| 9       | Studies on Medicine use socio-Economics postifion the population level | 3        |
| 10      | Young Women is use of medicine a qualitative study                     | 7        |
| 11      | Course on Research of Methods in primary Health care                   | 4        |
| 12      | Organic chemistry                                                      | 3        |
| 13      | Oxford Text Book of medicine                                           | 1        |
| 14      | A complet course calculus                                              | 1        |
| 15      | Mechanism and theory in organic chemistry                              | 1        |
| 16      | Advanced Engineering /Mathmatics/                                      | 1        |
| 17      | Biochemistry                                                           | 1        |
| 18      | Immuany biology                                                        | 1        |
| 19      | Psychopharmacology the third generation of progress                    | 1        |
| 20      | Principle of Internal Medicine                                         | 1        |
| 21      | Text book Rheumatology fourth edition                                  | 1        |
| 22      | Quant chemied analys's                                                 | 1        |
| 23      | Third Edition sounders comprehensive                                   | 1        |
| 24      | Current therapy in obstetrics and Gynecology                           | 1        |
| 25      | Physics                                                                |          |
| 26      | Organic chemistry                                                      | 1        |
| 27      | Guide to the dissection of the DOG                                     | 1        |
| 28      | Principles and practice infectious diseases                            | 1        |
| 29      | Sports in jurics                                                       | 1        |
| 30      | Essential atlas of infectious diseases                                 | 1        |

| Item No | Description                                                                                                  | Quantity |
